I hereby disclaim the terminal part of any patent granted on the above-identified application or any continuation of it under 35 U.S.C. subsection 120, which would extend beyond the expiration date of the full statutory term of United States Patent No. 4,839,835 and hereby agree that any patent so granted on the above-identified application or continuation of it shall be enforceable only for and during such period that the legal title to the patent shall be the same as the legal
